

December 2022

Dear Mrs. Garver,

I really can never thank you enough for everything you all did to bring the Family Literacy Project to CES (Charlevoix Elementary School) and for including our family. We got so much immediate benefit, but I've already seen a multitude of benefits that will continue for a long time to come.

We made friends, strengthened existing relationships and made lasting familial habits and memories. The program is amazing regardless, but for my family, it couldn't have come at a better time. It not only helped us through the difficult loss of my brother-in-law, it also caused us to make valuable time for ourselves and family during a time we really needed it, but were convinced we couldn't spare a moment.

The Family Literacy Project also helped us to see what a wonderful community we are a part of and that even though change is hard, Charlevoix is becoming our home. Last year was a tough school year for my family. This program gave us a huge infusion of positivity, with regard to school, that we needed quite badly.

I can't tell you how much it meant to me to see our son so excited about Family Literacy Nights and our homework assignments. I just want to say an enormous "Thank You" for being the amazing teacher you are and for sharing this gift with our family.
